## POLITICS IN AIR AROUND PADUCAH

Ferguson and Landrum Have  
Situation Cornered

It Is Probable Delegation From This  
County Will Cut Figure In  
Convention.

FOR RAILROAD COMMISSIONER

All other political differences are laid aside now in McCracken county, while the Democratic leaders are playing for delegates to the first railroad commissioner district convention at Henderson next Tuesday.

McCracken county will have 15 delegates, and indications now are that Mac D. Ferguson, of Ballard county, or George W. Landrum, of Livingston county, will get the bunch. Hon. Hunk Gardner, of Mayfield, is cutting some figure in McCracken county, and might stand a show in a three cornered fight; but this isn't going to be any three cornered fight, so the tip reads.

It's Ferguson or Landrum, and whichever has a majority on count of noses will take them all, the other taking second instructions. One or the other will hand in Henderson with 15 votes toward the 193 necessary to choice. It is probable this same combination will be worked throughout the convention, and consequently the indications point strongly to McCracken county's choice landing the prize.

The county convention will be called to order at the court house Saturday for the purpose of selecting delegates to the Henderson convention. Hon. W. A. Berry, committee chairman, will call the convention to order, and probably will be made chairman. The tip is out that he will head the delegation to Henderson.

### RELIEF FUND.

Will Be Increased By Grand Division  
Of O. R. C.

Memphis, May 16.—The grand division of the Order of Railway Conductors held its second day's business session yesterday. The day was devoted largely to consideration of the grand officers' reports and to the reports of various committees. Several resolutions were also made and referred to the proper committees for consideration. Among them was one by which it is proposed to increase the assessment for the relief fund. This is now fixed at \$1 per year for each member of the order. The resolution provides that this amount shall be made \$2 per year, beginning with the year 1908. Another resolution, bearing on the same subject, is also before the committee, which proposes to have the sum of \$40,000 transferred at once from the general fund to the relief fund.

Mrs. Vida Woodward.

Mrs. Vida Woodward, 21 years old, wife of Mr. M. O. Woodward, a well known merchant of Lovelaceville, died at Riverside hospital last night at 9 o'clock, following an operation performed Sunday. She had a severe attack of typhoid fever, which caused complications, necessitating an operation. Her condition was considered hopeless from the outset. Mrs. Woodward was the daughter of Dr. and Mrs. T. M. Baker, of Lovelaceville, and a prominent young woman of that section. She had been married fourteen months before in the parlors of the Palmer House. The body was taken to Lovelaceville for burial. The funeral will be held this afternoon.

KNIGHTS TEMPLAR MEET  
AT LEBANON NEXT YEAR

Mayfield, Ky., May 16.—The Kentucky Knights Templar decided to meet next year at Lebanon.

NO GAME AT METROPOLIS  
ON ACCOUNT OF GROUND.

Metropolis High school baseball team cancelled the game scheduled with the Paducah High school team today. Wet grounds have interfered with practice and they did not care to go against the local lads unless in the best of trim. The High school boys are trying to arrange a game here Decoration day. If a game can not be gotten with the Culley team a game with the young business men probably will be arranged.

### WEATHER FORECAST.

Fair and warmer tonight and Friday. Highest temperature yesterday, 61; lowest today, 45.

### GRAIN MARKET.

Cincinnati, May 16.—Wheat, 61; corn, 59; oats, 46.

### STREET CAR STRIKE.

Evansville, Ind., May 16.—Employees of the street car company went on strike this morning. The only cars running are manned by strike breakers from Nashville. No disturbance is reported. Trouble is expected tomorrow when a circus exhibits here. The men demand shorter hours and increased wages.

### MITCHELL BETTER.

Spring Valley, Ill., May 16.—John Mitchell, president of the United Mine Workers, is steadily improving the past 48 hours. Those in charge of the case say he will take a rest from all work until summer is over.

### WHEAT SHORTAGE.

St. Petersburg, May 16.—Grain reports from Russian points say the wheat situation is unfavorable. Present prices are the highest quoted in Russia for decades past. The provinces of Rostov, Poltava, Kerson and Podolia, where wheat chiefly is cultivated, are gravely affected.

### IRVING FIREMEN.

New York, May 16.—Displaying heroism seldom witnessed, several firemen today jumped into a fiery furnace to rescue their companions overcome by flames in a fire on an oil barge of the Standard Oil company. Three firemen were severely burned and others less seriously.

### AGUINALDO.

San Francisco, May 16.—Irregular General Allen, organizer until recently and chief of the Philippine constabulary, arrived from Manila. Allen says there is little trouble in the Philippines now, except in Leyte and Samar, where hill tribes still worry the insular government. Aguinaldo is living quietly on his ranch in the province of Cavite.

### VESUVIUS.

Naples, May 16.—With the volcanoes of Stromboli and Etna in active eruption, residents of this portion of Italy are becoming alarmed lest the disturbances may extend to Mount Vesuvius. Memory of the terrible disaster a year ago is fresh in the minds of Italians. They live in the greatest dread of Vesuvius.

### STEAMER DISTRESSED.

New York, May 16.—Tugs have been dispatched to the assistance of the Italian liner Citta De Napoli from Naples, Genoa. The steamer sent a wireless message saying: "Shaft broken. Two thousand immigrants are aboard ship."

### CADETS POPULAR.

Berlin, May 16.—The camp of cadets from the United States academy is proving a great attraction at the Colonial army and navy exhibition which opened yesterday. Crown Prince Frederick William, who witnessed the drill of the Americans, was greatly impressed with their soldierly appearance and qualities and complimented their commander warmly.

### MEDIATOR.

New York, May 16.—President Roosevelt probably will be asked to act as mediator in the Longshoremen's strike. The strikers believe with the chief executive interfering the battle will soon end.

Mr. R. O. Wilford, of Mayfield, is in the city today on business.

## MITCHELL FREE TO SELL LIQUOR

Revocation of His License Not  
Prior to Appeal

Acting Police Judge Eugene Graves  
Dismisses Warrant in Now  
Famous Case.

ALL IN CIRCUIT COURT NOW

No test of the constitutionality of the ordinance, authorizing the mayor to revoke saloon licenses on conviction in the police court, will be made by Attorneys Campbell & Campbell, for W. M. Mitchell, of 1000 North Tenth street, because Hon. Eugene Graves, Democratic candidate for legislature, and acting police judge, dismissed their client in the police court this morning, where he was charged with selling liquor without a license. Inability to prove that Mayor Yelzer revoked the license, before Mitchell had perfected his appeal from the ruling of the police court on the warrant, charging Mitchell with keeping open on Sunday, decided the case this morning in favor of Mitchell. He may now continue selling liquor.

Mitchell was charged with violating the Sunday closing law. The court held against him on a point of law, he was fined, and appealed his case. The evidence showed that about 2 o'clock that afternoon he filed his appeal bond, and about the same time, Mayor Yelzer signed the order revoking his license.

Mitchell sold a glass of liquor yesterday and was arrested. On submission of the evidence the court gave Mitchell the benefit of the doubt and dismissed him.

## CORONER HEARS FROM HENRIETTA

Captain Summers Tells of the  
Drowning of Miss Woodruff  
in Letter Written Several  
Days Ago

EXPECTED TO ARRIVE SOON.

Coroner Frank Eaker received a letter yesterday from Captain John Summers, of the towboat Henrietta, in which he notifies the coroner of the disappearance from the boat of Miss Robbie Woodruff, the stewardess. Captain Summers did not say what he thought of her disappearance, but that she was missed when the boat was ten miles above Paducah on the Tennessee river. The letter was written before Captain Summers heard of the finding of a woman's body, which tallied with the description of Miss Woodruff. Coroner Eaker will hold the body until the towboat returns. It is expected any day.

## PADUCAH MAN IS HONORED BY I.O.O.F.

Georgetown, Ky., May 16.—(Special)—G. Z. Umbaugh, of Paducah, was elected senior warden by the grand encampment, I. O. O. F. today. This puts him in line for elevation next year to the office of grand chief patriarch, the highest office in the state lodge, and member of the sovereign encampment.

STOLE CORPSE'S CLOTHES  
PUT THEM ON HIMSELF.

Louisville, May 16.—Robert Price, colored, was arrested today charged with stealing clothes from corpses. It is alleged he broke into the morgue last night and stripped a body there and donned the clothes himself.

## FLOUR GOING UP AS WELL AS WHEAT

Paducah Wholesale Merchants  
Who Were Well Stocked,  
Reap Profit in Necessary  
Commodity

35 CENTS ON THE BARREL.

While the traders are elated over the great rise in the price of wheat, in the past few weeks, probably due to the shortage in the crop, the housekeepers will soon be appearing in the picture, but not with the broad smile on their faces. They have not only had to contend with a great increase in all kinds of household commodities, but now, flour, the chief ingredient in the staff of life, has gotten ambitious and is soaring toward the skies. Within the past few days flour has risen 35 cents a barrel, with the indications pointing to a further advance in the next few days. If the price of wheat holds up, local wholesalers have big stocks of flour on hand and have made money on the increase. The price of flour has not kept pace with the rise in wheat. It never does, as the cereal prices are due in great measure to manipulation and excitement incident to speculation, and every one wanting to get in on a good thing.

## "TRAVELING MAN" MAKES BIG MONEY

The net proceeds of "The Traveling Man," from the three performances were \$848. The Humane society received \$212 of this, the Charity club \$213 and Mr. Boyle Woolfolk, the author and producer, \$424. Mr. Woolfolk left last night for Louisville, and goes on to New York next month to arrange for the professional production of the play by Murray and Mack next year.

DISQUIETING RUMORS.

Confusion Exists as to Intention of  
School Board.

Disquieting rumors that all old teachers, who wish to retain their places in the city schools will have to make application, are going the rounds of the schools and one teacher is quoted as telling the others, a member of the committee on course of study is authority for the statement, that the resolution adopted by the board will be followed, and the announcement made by another member of the committee, advising the teachers that they need not apply, was unauthorized. Members of the board seen today, state that teachers need not apply, but that they will be considered as applicants unless they notify the board.

## THREE GREAT MEN FOR CHAUTAUQUA

Adlai Stevenson, Senator Carmack and Governor Beckham May Attend Opening of  
Big Institution

COL. GEORGE BAIRD COMING.

Governor Beckham, former Vice-President Adlai Stevenson and Senator Carmack, of Tennessee, are the three stellar attractions for the opening day of the Chautauqua, if arrangements can be made. Senator Carmack and Stevenson already are engaged for addresses in the Chautauqua, and it is hoped that they can be bunched on the opening day to not only give the Chautauqua a great send-off, but to give Paducah the advertising which such a trio of speakers would insure. Other attractions include most of the favorites last year with several new speakers. Col. George W. Baird, the temperance lecturer, will have an hour, and the physical exercise classes of last year will be repeated. The roof of the new building will be put on today and the auditorium will seat probably 500 more persons than the tent of last year. Then it will be weather proof. The Chautauqua will open June 13 in the afternoon, and continue for twelve days.

WILL EXAMINE COUNTY  
APPLICANTS TOMORROW.

S. J. Billington, county superintendent of public schools, with the examining board will hold the first examination of county teachers for the school for next year, Friday or Saturday at the court house. Miss May Ellis, of the city schools, and M. V. Miller, of the county schools, are members of the examining boards. Eighteen teachers will be examined this time out of a total of 42.

## WILL HAVE JURY SATURDAY NIGHT

Boise, Idaho, May 16.—There is every reason to hope the jury to try President Haywood, of the Western Federation of Miners, for alleged conspiracy in the murder of former Governor Steunenberg will be selected before court adjourns Saturday afternoon.

Nashville.

Nashville, Tenn., May 16.—The next general conference of the Southern Methodist church will be held at Asheville, N. C., the committee charged with selecting place so deciding today. Richmond, Kansas City, Atlanta and New Orleans were also applicants. The conference does not meet until 1910.

## TEST IN COURT

SUGGESTED TO RECTIFIERS BY  
ATTORNEY GENERAL.

Yerkes Represents the Distillers,  
While Taylor Takes the  
Other Side.

Washington, D. C., May 16.—At-  
torney General Bonaparte today gave  
a hearing to whisky distillers on in-  
telling whiskies. Ex-Internal Revenue  
Commissioner John W. Yerkes criti-

cized Bonaparte's recent opinion in  
behalf of the Wilson Distilling com-  
pany. Others spoke along the same  
line. E. W. Taylor, representing E.  
H. Taylor, Jr., & Sons, of Frankfort,  
and other straight whisky manufac-  
turers spoke in support of the op-  
inion. Yerkes opposed labeling liquors  
suggested by Attorney General Bon-  
aparte as blends, compounds, imita-  
tion, etc., under the pure food law.  
Mr. Taylor contended that any  
mixture of whiskies or with any-  
thing else ought to be marked as  
such. Attorney General Bonaparte  
suggested a test case in court to de-  
termine the merits of the controver-

DETECTIVE WORK.

Just as an intelligent detective sets  
himself to discover the identity of  
the perpetrator of a crime that seems  
mysterious, so the medical man goes  
to work to discover the origin of the  
troubles of his patients. He knows  
that in most cases some of the organs  
of the body are not performing their  
functions properly, and knowing that  
in a large percentage of cases the ac-  
tion of the bowels is at fault, he  
early inquires whether his patient is  
constipated. If so, the physician  
knows that if a cure is to be effected,  
the constipation must be not only  
relieved, but permanently remedied  
and that in order to accomplish this  
certain muscles must be given new  
strength and elasticity. For this  
purpose successful medical men pin  
their faith to a preparation of 1/4 oz.  
Fluid Extract of Senna, 1/4 oz. Roch-  
elle Salts, 1 oz. Aro-Sagrada, 30  
grains Bicarbonate of Soda, 1/4 oz.  
water and 1 1/2 ozs. Glycerine. Of  
this the patient is given a teaspoon-  
ful at bedtime and before each meal,  
the treatment being continued until  
there is free movement of the bowels.  
This simple prescription can be put  
up by any good druggist.

Taste

FLAVOR—that is the way the orig-

That is what has brought its great success.

That is why it can't be copied.

So the imitators failing utterly to reproduce the flavor of the genuine, have done the  
next worst thing—copied the name, claimed "just as good" shouted quantity. They  
have done everything in order to profit by the wonderful demand for the genuine.  
Anything to make the name sound enough like that of the original to be substituted for  
it, when simply "Corn Flakes" was asked for.

Offers Prizes for Fastest  
Boats.

Motor boat owners in Paducah  
have received an invitation to enter  
a race to be given during the meet-  
ing of the "Egyptian Hustlers," a newly  
organized body of traveling men of  
southern Illinois, headquarters at  
Cairo. The "Hustlers" will meet in  
Cairo on June 20-22 and will arrange  
many events of interest. The Dupont  
Powder company offers a handsome  
cup for the winner of the boat race,  
and it is probable that several Padu-  
cans will enter. Messrs. Young  
Taylor and Henry A. Petter have a  
fast boat they are considering enter-  
ing, and it is probable that Captain  
Brockenridge, owner of "The Tom  
Boy," will enter this boat.

### Col. Arch Hughes Braved Roosevelt in White House And Spoke His Mind

Washington, D. C., May 16.—Col. Arch M. Hughes, of Columbia, Tenn., a soldier and a politician of the old school, one of the 396 who voted for Grant at Chicago in 1860, went to the white house and read the riot act to President Roosevelt as few men have ever dared to read it. He read it also to Assistant Postmaster General Hitchcock, and when he started back to the south he left two pairs of tingling ears behind him.

Col. Hughes is postmaster at Columbia.

It was about his removal that Col. Hughes went to the white house with his fighting clothes, President Roosevelt received him in the presence of several other callers, but that did not abash Col. Hughes. He stated his case without any attempt at conciliation and wound up with this, emphasized with a fist that waved in the

direction of the president's head:

"You wouldn't dismiss a messenger from the white house without a hearing, yet you dismiss me without one on the ex parte statement of a man who is interested in getting my place."

"You shall have a hearing," replied the president, smoothly. "I will introduce you to the postmaster general if you will wait."

Presently Postmaster General Meyer came in and President Roosevelt said:

"This is Col. Hughes, postmaster of Columbia, Tenn. I wish you to give him a hearing."

Vows He'll Make Hard Fight. Mr. Meyer said he would, and Hughes started to go. The president turned to leave the room.

"One minute, Mr. President," cried Col. Hughes. "There is one thing more I want to say to you:

my never have another opportunity."

"What is that?" asked the president.

"I had two grandfathers at Kings mountain, one of whom was wounded," cried Hughes. "My own grandfather commanded old Jackson's bodyguard at Talladega and the Horseshoe. I don't come from the stock that will submit to this kind of treatment without a fight."

"Good; very good," said the president.

Col. Hughes then went down to see Assistant Postmaster General Hitchcock, who has been down south recently, bringing that section into life for Mr. Roosevelt.

Wow! What He'll Do to Hitchcock! "I want to say one word to you, Mr. Hitchcock," said Hughes. "You think you know something about politics. I was voting for Grant at Chicago when you were in short dresses, yet you think you can teach me something about politics in Tennessee. I'm going back there to be elected delegate to the national convention, and as soon as I'm elected I'm coming back here to shake my finger in your face and ask you to take a few kindergarten lessons before you go into the south again."

"You remove me because I have been absent with permission," shouted the old cavalryman to Hitchcock as a parting salute, "yet you have been absent the Lord knows how long down south on political missions."

Col. Hughes Unfaithful.

A memorandum hearing on the removal of Postmaster A. M. Hughes, at Columbia, Tenn., and the appointment of John W. Jackson, the assistant postmaster, in his place, was made public at the white house today. It says:

"To briefly sum up the situation I found that Col. Hughes unquestionably had made false statements to the department and that he has been utterly unfaithful to his duties as postmaster. I am thoroughly convinced that the best interests of the government demand his removal from office. It is entirely manifest to me that Col. Hughes regards his position of postmaster as a sinecure, pure and simple, a species of pension and a reward of past alleged political activity. He appears to have the impression that work should not be required of him. Further I found that the people of Columbia, the patrons of the office, do not want Col. Hughes as postmaster."

There is a great difference between having questionable habits and being questioned about them.

### DEEP WATERWAYS STILL ON TABLE

General Assembly of Illinois Adjourns Until October

Schmitt Bill Provides For Payment To State For Use of Rivers For Power.

SANITARY PROBLEM UNSOLVED

Springfield, Ill., May 16.—The general assembly adjourned this morning until October 15, without taking any action on the proposed extension of the drainage canal. It has been found impossible to reconcile the difference between the people representing Joliet and the sanitary district, through trustees, as to the amount and life of compensation to be paid for taking power privileges at that point, and action therefore is to be deferred until fall, when it is confidently expected that the drainage trustees will be empowered to continue their work, as another step in the direction of deep waterways.

Spencer Shurtlett left for Chicago but will return to Springfield Saturday to finish his work. Many members of both houses also left for their homes during the evening.

It was hoped that state control of all possible water power development in the Desplaines and Illinois rivers would result from the new style extra session of the general assembly.

This state control is provided for in a bill which was introduced in the senate by Senator Schmitt last Friday, but which failed to pass.

The Schmitt bill was part of the deep water way power plant project concerning which Governor Deneen sent the special message to the legislature last Saturday. Neither the resolution for the legislative recess, nor the governor's message was sufficiently broad to include all matters relating to the deep water way.

The Schmitt bill requires any person developing horse power under the provisions of the act to pay the state \$1 per year for every theoretical horse power capable of being developed by the fall and volume of water.

Don't get into the habit of going around with your bristles up.

### SOCIAL DEMOCRATS

MAKE BIG GAINS IN AUSTRIAN LOWER HOUSE.

Result of Extended Suffrage Still in Doubt But Majority Is Indicated.

Vienna, May 16.—The outcome of the elections held today throughout Austria for members of the lower house of parliament under the extended suffrage is still in doubt, but the indications are that the new house will have a majority composed of clericals, agrarians, and Poles. Three hundred and ninety-nine

seats out of a total of 516 were filled. The social democrats attained the greatest success, winning a total of 45 seats.

In Bohemia the national Czechs were defeated, and the same fate attended the national parties in the other German provinces.

One member of the present cabinet, Herr von Marchet, the minister of public instruction, who is a German, lost his seat, while two other ministers, Dr. von Derschatta, minister of railways, a German, and two Czech ministers, Dr. Forscht and Dr. Paek, will have to fight for their seats in the reballoting. The leader of the Bismarckian Germans, Herr Schoenerer, also lost his seat.

The Christian socialists have gained a considerable number of seats, but by no means as many as they expected. It is believed that they will have 70 representatives in the new

house. They retained their majority in Vienna, securing 20 out of the total of 23 seats for the city. The social democrats got only eight seats in Vienna.

TRIALS POSTPONED.

Men Accused of Plant Bed Scraping Will Have Hearing Wednesday.

Princeton, Ky., May 16.—The examining trials of Steve Short and Ned Pettit, tenant non-association planters, charged with scraping the plant beds of J. E. Hollowell were postponed until next Wednesday in County Judge Graylock's court on motion of the commonwealth.

It is a good deal easier to preach things heroic and divine than it is to practice things ordinarily human and decent.—Chicago Tribune.

## Daily Thought.

## JUSTICE TO TEACHERS.

It is only a short while before the school board meets to elect teachers. This board started its career by the declaration that there would be no committee selections and that all elections would take place in open board meeting. It then chose the superintendent and principals through committees, and the only time that a committee selection was not ratified, was in the case of Principal Ragdale, when the board smashed the committee slate to pieces and rebuked the conspiracy against him. Now, it is understood, a committee of three will recommend teachers to the board, just as always has been done, though this practice of former boards was deplored by a member of this very committee, and it will always be done this, except that this year the superintendent's and the principals' recommendations will be ignored and the committee will have full sway to wreak vengeance or reward favorites without regard to merit. The resulting situation already is apparent, and anxious teachers, who heretofore have rested on the certainty that work would count and the report of the principal and superintendent would be sufficient to retain for them their positions, are hurrying around seeing trustees in their own behalf, and then revisiting them, because of rumors of wirepulling that comes to their ears. We have only one word of advice in the matter: If a teacher has done well in her work, whether teaching a grade, a department or as supervisor, the school board should re-elect her or him, if application is made for another year. It is the duty of the school trustees to rid the schools of incompetent and insubordinate teachers without fear or favor; but it is even more the duty to reward the faithful, no matter who makes application for their places. It is easy for a trustee to inform an applicant, that the incumbent is satisfactory and that it would be unjust to discharge him; easier than to inform a faithful teacher, that although his work has been satisfactory, there is a prior claim on the trustee's friendship and he must give it up. There can be no claim prior in right to that of a faithful teacher.

While owners of roving kine will nod approval at the ruling in police court of Acting Judge Eugene Graves, Democratic candidate for the legislature, people who possess unfenced lawns, will tremble with apprehension.

## ONE NEEDED REFORM.

While other reforms are being considered by the commission, representing the second class cities of Kentucky, the members could show their good faith by amending the

charter so as to provide for a fewer office holders. Of course, many of the present offices have been added by ordinance, under authority of the charter, as municipal development and public improvements have demanded, such as sewer inspector, marketmaster, etc., but there is a multiplicity of politicians in all cities, and a curb placed on the tendency of politicians to find a way to care for each other at the public crib would reduce the burden on the taxpayers and rent payers, at a time when it will be comparatively easy to do so. For instance, there is no reason under the skies why Paducah should have a city attorney and a city solicitor, too. The duties of the former official consist in prosecuting petty offenders before a magistrate, or conducting the preliminary examination of criminals, who if held to the grand jury, pass from his hands forthwith. One attorney could be both legal adviser and criminal prosecutor for the city. There are a number of other places that could be consolidated, even at cost of a trifling increase in salary to the official who takes on additional duties.

We trust that some one will assume the responsibility of communicating with Mr. John Patton, of Chattanooga, and ascertaining whether the Fairbanks' itinerary will bring the party to the mouth of the Tennessee river next month, and that some public demonstration commensurate with the dignity of the vice-president of the United States will be held in his honor when the party arrives. It does not seem right that the affair should be in the name of the Commercial club. It should be in the name of Paducah, but it is with such organizations as the Commercial club that the initiative rests in cases of this kind. Paducah must do herself proud, if she has the opportunity, and give the waterways improvement a boost. There is no better way, than by showing these public officials that we appreciate their interest in our rivers.

"The fee was a modest one," said the Rev. J. L. Clark, who united William Ellis Corey and Mabelle Gillman, and we began to surmise that the sum was less than a thousand dollars. But when he adds: "I believe this is a true love match, and I think it gallant of Mr. Corey to allow his wife to get a divorce without contesting it," we suspect that modesty is only a relative term, and a thousand dollars would hush under the circumstances.

There is nothing remarkable in the Ohio situation. The usual fight for the organization, in a state where politicians are born, not made, is taking place a long time ahead of the election. That is all. But there is a good side to it. Kentucky Republicans will be unanimously inclined to keep hands off the presidential situation at the forthcoming state convention. We don't care much what Ohio does after that.

That New York merchant who deposited \$25 with three magistrates to promote matrimony, had better keep his address secret, lest one of the girls, "so poor that the \$25 to help her get married would be a God-send," might hunt him up and shoot him. Philanthropy now breathlessly awaits the endowment of an immense alimony fund by a Pittsburgh millionaire.

The John Smith, whose sensational disclosures are adding spice to the Hargis murder trial, is not the one, who figured as the first gentleman of Virginia and gave great impetus to the Jamestown exposition.

It was to be expected that fellows who ride in the night and burn other people's property would shoot a woman.

After all this fuss and ferment, the fact is made clear that Harriman owns only one-third the United States.

## WOMEN SLUG A SCHOOL MA'AM.

Girl Accused of Immorality Waylaid and Beaten.  
Chardon, O., May 16.—Miss Pearl Gray, the North Chardon school teacher recently exonerated by the school board on charges of adjusting her garters before her pupils, was waylaid on her way to school today and beaten by two women, who slapped, shook and kicked her, while two men sat on a fence and cheered.

Cotton Mill Men's Increase.  
Boston, May 10.—According to advices from the leading cotton mill centers of southern New England, fully 85,000 operatives will have their wages advanced about 10 per cent., beginning Monday, May 27. The latest upward movement in mill wages originated in Fall River, where a new agreement recently announced provides for a higher schedule May 27. About 30,000 hands are employed by Fall River mills. Nearly 25,000 operatives in New Bedford will also receive a 10 per cent advance, announcement of which was made yesterday.

## ALL WORN OUT.

This is the time of year for the "all worn out" feeling. You hear it everywhere. "I'm all worn out." "Did you ever stop to think what it means? Well, it means just this: 'my liver is dull and not working properly.' My stomach is taking too much food which it isn't digesting properly. I'm all clogged up from being in-doors with so little fresh air all winter long, and my body is full of impurities. In consequence I'm dull all the time." That is what "all worn out" really means. Take a tablespoonful of Cooper's New Discovery three times a day for two weeks and the "all worn out" feeling will certainly leave.

Mr. Burger was "all worn out" once.

"For some weeks I suffered from an affection of the stomach that seemed to wear me out completely. My system was run down, my bowels constipated, I had dull headaches and although I was not sick enough to go to bed I did not have ambition to stir around. I read of Cooper's New Discovery and began using it. I am glad to say that two bottles will run on my feet and relieved every symptom of my trouble. It is one of the best system troubles I have ever heard of." John Burger, 1119 Hopkins St., Cincinnati, O.

We sell the famous Cooper remedies.

## PASTORS SCORE "THE BATH."

Pittsburg Ministers Think It a Disgrace On Exhibition.

Pittsburg, Pa., May 16.—The Presbyterian ministers of Pittsburg have "resolved" that Gaston La Touche's painting, "The Bath," which was awarded first prize at the annual international art exhibition of the Carnegie Institute, won't do. They are indignant over the thought that such a picture is allowed to be placed on exhibition anywhere, either in public or private. The ministers all scored the picture at their meeting today. The Rev. John M. Nealey declared:

"It is a shame and a disgrace that such a picture as 'The Bath' should be allowed to be placed on exhibition either in public or private in the city of Pittsburg."

Other ministers seemed to agree with the opinion of the Rev. Dr. Nealey.

## Public Utility Bill.

Albany, N. Y., May 16.—The public utilities bill, which creates a state commission to supervise and regulate transportation, lighting and other corporations operating in New York city, passed the assembly today by a unanimous vote. The bill, which was urged by Governor Hughes, will now go to the senate.

## ARE YOU HALF SICK?

A Great Number of People Are, At This Season of the Year.

Weather conditions not alone affect business they affect the health of the average person. Take a long slope of inclement weather like we are having and you find a host of half sick people.

Spring days are the days of half sick people—people just sick enough to have little interest in anything, but, not ill enough to go to bed. Such a condition calls for attention immediately, or serious results may follow. The liver, stomach, bowels, kidney or blood may not be performing their function properly, just a trifle in disorder, and once corrected you are yourself again.

Osteopathy goes right to the seat of any disorders of this nature, and cures them.

Osteopathy is the one natural treatment in all conditions of stomach, liver, bowel, kidney, skin and blood disorders. Without the use of any medicines with proper diet, with the dry hot air treatment, where indicated the osteopathic treatment is an assured and permanent cure.

I should like to talk to you at any time about the treatment for yourself, or any member of your family, and the best testimonials I can offer you of the treatment are the commendations of Paducah people whom you know well, who have taken the treatment.

Especially is Osteopathy a rational treatment of ailments peculiar to children.

Phone me at 1407, or call at my office, upstairs 516 Broadway, and I shall be pleased to consult with you.

RUEF CONFESSES  
GUILT IN COURT

Makes Tearful Statement and Tells Experience

Says He Started in Politics With High Ideals but Succumbed to Machine.

BUT SAYS HE IS INNOCENT.

San Francisco, Cal., May 16.—Abraham Ruef, nervous and pallid, in Judge Dunne's court, pleaded guilty to the crime of extortion, a felony for which he was to have been tried by a jury already selected. In pleading guilty he made an impressive address to the judge, stating that he had commenced his career in politics with high ideals for himself and the city, but that conditions had broken him down and that he now desired only an opportunity to make reparation and restore his character before the world.

Ruef and his attorneys, who had been in consultation, entered the courtroom. Henry Ach led the way. Attorneys Desert One by One.

Ach was first to speak. He said there had been a disagreement between himself and his client and that he would be forced to withdraw from the case. Ruef expressed himself agreeable to this. Ach thereupon left the courtroom and Samuel Shortridge arose. He also said that he could no longer represent Ruef as his attorney, and with Ruef's consent he would withdraw. Ruef consented and Shortridge left. Frank Murphy rose and made a similar statement. He declared, however, that while the case had reached a point where he could no longer continue as attorney for the defendant, he would nevertheless remain in the courtroom to give him the benefit of what advice and counsel he could.

Ruef, arose trembling under great emotional strain. He spoke with great difficulty. By this time the courtroom was crowded and most of the spectators were standing. Ruef first acknowledged the work done by his various attorneys, thanking them for their friendship, counsel and guidance. Then he continued:

"Unable to Bear Awful Strain.  
"This trial has become a threatening danger to my health, both mental and physical. I am unable to bear the strain any longer. The strain on those nearest and dearest to me is undermining them. They are on the verge of collapse. Their lives hang in the balance and I must take some action."

Ruef, who evidently was laboring under great emotion, after pausing a moment, continued:

"I have occupied prominent positions in this city. I hope to remain here, and this will be the place of my eternal sleep. Heretofore I have borne an honored name in my professional life. There is no stain upon my honor and until the present board of supervisors was elected there was no act of mine that could

## Succumbed Ideals for Power.

"It is true that in order to hold together the political machine which I had built up with great difficulty, I did lower the high political ideal I had hitherto upheld. Last night I reached the conclusion that there might still be an opportunity to make some effort to restore myself in public favor and be a power for good. I will do all that lies in my power to help overthrow the system which has made possible the terrible corruption of public officials. To do this I will work even as the humblest citizen. My future career will be one of integrity. I hope I can still accomplish some good."

## Not Guilty, Yet Pleads Guilty.

"I am making the greatest sacrifice that could befall a human being of any disposition—namely, to acknowledge my faults and mistakes to restore myself in public favor. Duty calls me, wherever the path may lead but I want the whole world to know I am not guilty of the charge made against me in this instance. Nevertheless, on account of reasons stated, I withdraw my plea not guilty, and enter the plea of guilty."

As Ruef resumed his seat he was trembling like a leaf, his face the color of parchment. Tears coursed down his cheeks. A crowd gathered about him but a hall porter brushed them away. Ruef sat alone save for the protection of the hall porter and the elisor. His attorneys were all gone—forced away by his decision to tell all and throw himself upon the mercy of the court.

## CANT ROLL CIGARETTE. OFFICERS ARREST GIRL

St. Louis, May 16.—Because Miss Minnie Block, aged 21, with red hair and blue eyes, cannot roll a cigarette like a man, she now is in the city jail. Miss Block, clad in male attire, was arrested today on a downtown thoroughfare with Ed Forrest, with whom she had "hobnobed" her way from Mead, Kan., her home, to St. Louis, and with whom she intended to travel to Washington in the way in which she reached this city.

Miss Mead, wearing Forrest's big shoes to more effectively disguise her sex, wandered about the streets today for several hours until finally detectives saw her attempting to make a cigarette of materials handed her by Forrest, and, deciding she was not a boy, despite her attire, placed her under arrest.

Forrest said he was on his way to Washington to claim his pension for wounds received in the battle of Manila. He says he was awarded a Dewey medal and spent 24 months in the naval hospital. His right leg is stiff.

Miss Block said she met Forrest in Caldwell, Kan. "He asked me if I would heat my way to Washington with him and I told him I would," she said. "I bought this suit at Emporia, Kan., and put it on and went to Kansas City and rode the 'blind baggage' here. We were put off at a train at Kansas City, but caught the next one."

Miss Block said she married George Mead in Kansas about three years ago, but that he deserted her after seven months, and she secured a divorce one year ago.

The plaintiffs claim Mrs. Bernard G. Farrar, who sold the ground to the city in 1866 for \$245,000 exceeded her legal rights in the transaction because she possessed title only during her life time. The bill also avers that the statute of limitation has expired in the case of all other heirs except Mrs. Farrar's daughter, who is the wife of ex-Governor Hauser, of Montana.

Mt. Vernon	25.5	0.0	at'd
Paducah	30.9	0.5	rise

Water is still running from the swollen creeks into the rivers and the result is to keep the river up here. The rise since yesterday was .5 and the stage this morning was 30.9. May 16 last year the stage was 14. Business at the river is active. Nearly 7 inches of rain have fallen in the first half of the month. Occasional duckings from falling into the river are everyday occurrences. Yesterday afternoon Henry Kopf, one of the river managers of the West Kentucky Coal company, and a fireman on the Fannie Wallace, fell into the river between two barges but escaped with no damage other than soaked clothes.

Stanley Futrell, one time third clerk on the Dick Fowler and Chattanooga, has quit the river business and is in the picture enlarging business.

Joe Ballard, pursor on the Chattanooga, is visiting in Louisville. Harry Robertson has left the third clerk's job on the John S. Hopkins to take the same position on the Joe Fowler, and Captain Bowley will have his son on the John S. Hopkins as third clerk.

Third clerks are common, but the Clyde on leaving last night for the Tennessee river had Lon Rogers aboard as fourth clerk. The boats would do better in getting clerks if they could get the authors of Diamond Dick or Nick Carter to write thrilling stories of steamboat life, so that the youth of the country would be enthused over the river business. Certain it is that not even life on the plains in the wild and woolly west is more picturesque than steamboat life. Why river life hasn't been included in the weekly "literature" published for boys, is a mystery.

The Mary Michael will leave today, Captain A. Volght in command, for the Forked Deer river after logs for the Palmer-Ferguson mills.

The Margaret of the Ayer-Lord fleet arrived this morning from the Tennessee river with a large tow of ties.

The Russell Lord did not arrive until early this morning from St. Louis.

The Harvester will pass up Saturday from the Mississippi river for Pittsburg. A tug brought in yesterday by the showboat New Era will be towed to Pittsburg by the Harvester.

The Mary Stewart, towing the showboat New Era, arrived yesterday from the Mississippi river and will be here several weeks getting repairs.

A big Ayer-Lord barge is being repaired at the dry docks today.

The Peters Lee on time from Memphis arrived this afternoon and left for Cincinnati before dark.

The City of Savannah did not arrive from the Tennessee river until today and left late for St. Louis.

The Saltillo will arrive Friday from St. Louis on the way to the Tennessee river.

The Kentucky will arrive this afternoon or tonight from the Tennessee river and wait over until Saturday.

## S.S.S. GREATEST OF ALL TONICS

Everyone should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from breathing the impure air of closed rooms and overheated buildings; the heavy, rich foods of the Winter season, etc., and when this vital fluid is aroused and stirred to quicker action by the return of warmer weather, these waste matters and poisons are distributed through the circulation, to act depressingly and injuriously on the system. The blood being in this unnatural and impure condition is unable to furnish the body with the proper amount of nourishment and strength, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation.

The depleted system must have assistance; it needs a tonic and it is important that the proper one be selected. When the health is in this disordered condition it is not safe to

take unknown concoctions, sarsaparillas, etc., because they usually contain potash or other strong mineral ingredients which act unfavorably and often dangerously on the run-down, weakened system, at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. A great deal is being said these days about living close to nature, and it is more applicable to medicines, perhaps, than anything else. Nature has provided a remedy for all the ills of mankind, and medicines made from nature's vegetation act better in every way than do the strong mineral mixtures which are the products of the chemist's or apothecary's shop.

The greatest of all tonics is S. S. S. It is made entirely of the roots, herbs and barks of the forests and fields, selected for their purifying and health restoring qualities; and as it does not contain the slightest trace of mineral in any form it is especially adapted for a systemic remedy, one that is absolutely safe for young or old. S. S. S. acts directly on the blood, ridding it of any and all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is enabled to supply to the system the healthful, invigorating energy needed to pass this trying season of the year. Its action is the most prompt,

pleasant and satisfactory of all tonics and blood purifiers, and those who are beginning to feel the need of a medicine to fortify the system against the unpleasant conditions that come with Spring, will do well to commence its use at once. It will not only tone up the system, but will remove any taint or humor that may be in the blood and thus prevent an outbreak of Eczema, Tetter, Salt Rheum or other rash or eruption of the skin. S. S. S. restores lost energy, relieves that all worn out, tired feeling, quiets the nerves, helps the appetite and imparts a relish for food, and in every way adds tone and vigor to the entire system, and prepares it for the depressing Summer months that are to follow.

In selecting your tonic for this year do not be led into believing that others are "just as good," but get **S. S. S., THE GREATEST OF ALL TONICS**, and one that for more than forty years has been recognized as such. It is Nature's tonic, absolutely pure and safe, and reliable in every way. S. S. S. is for sale at all first-class drug stores.

Business was fair with the Dick Fowler this morning in the Cairo trade.

Practically all of the gasoline boats in the local harbor have their docks at the dry docks. Hero Captain Taylor has made individual wharves for the boats and they have the advantage of the dry docks' watchman at night. The engine for the Henry, Captain Taylor's and Mr. Henry Petter's boat, is expected next week.

## HARGIS CASE

PRODUCES NEW SENSATIONS IN WAY OF TESTIMONY.

How He Whistled When He Heard News of Cox's Murder—Other Details Brought Out.

Lexington, Ky., May 16.—The commonwealth succeeded in picking up several dropped stitches in the conspiracy fabric, in the trial of Jim Hargis for complicity in the killing of James Cockrill. The strongest point made by the prosecution, probably, was the bringing out of testimony which can hardly be controverted that John Smith was at a window in the second story of the court house at the time Cockrill was killed. The hope of the defense has been to prove that Smith, the star witness for the commonwealth, was not in the court house at the time of the killing and knew nothing about it.

Levi Cope testified that he saw John Smith standing at a window in the second story of the court house a few seconds after Cockrill was shot. The position in which Cope swears he saw Smith corresponds with Smith's own story of his location at that time.

Jackson Craeth stated that he met Hargis a few minutes after Cockrill was shot. Witness asked Hargis, "Is Jim Cockrill dead?" Hargis replied, "No, but he soon will be." Hargis then walked away singing, witness said.

M. J. Patena testified to having seen Jim Hargis and Ed Callahan standing at a window on the second floor of the Hargis store building at the time Cockrill was shot. Witness said that both Hargis and Callahan had guns in their hands.

D. B. Little gave a rather sensational bit of testimony. He said that when he was returning from the trial of Carl Jett, he saw Callahan and Judge Hargis on the train. They had guns and had apparently been hunting. Witness asked Hargis what luck he had. The reply he got was, "If you don't stop prosecuting my men and swearing lies, I will shoot your head off." Witness said that when he started to alight from the train, Hargis kicked him off.

Tom Goss testified to Elbert Hargis having taken Bill Britton off the farm, when he was needed there very much, on the day that Cockrill was killed. Goss was employed on the Hargis farm at that time.

## CONFIDENCE BETRAYED.

Judges of Court of Appeals Are Feeling Sore.

Frankfort, Ky., May 1.—When a case on appeal is submitted to the court of appeals, any effort from the outside to ascertain how the judges stand is severely frowned upon by the court. The rumor circulated in Louisville yesterday to the effect that the Louisville election cases had been decided in favor of the fusionists, the court holding that no election was held, was also general in Frankfort. The appellate judges are inclined to be raw over the affair and it is said that they believe some one in their confidence has betrayed them, as the matter has not, they say, been spoken of by them outside of the consultation room.
